WHAT OUR MEMBERS HAVE TO SAY

HealthiestYou has helped dozens of our members receive the care they need:

"While my family and I were traveling out of state, I came down with a pretty severe cold/flu...My wife reminded me about HealthiestYou...after about 20 minutes, I had a prescription called in and waiting for us at the local pharmacy. All in all it probably saved our vacation."

"The HealthiestYou app saved me one Saturday morning...I was running a fever and had symptoms of a sinus infection with possible bronchitis. I did not feel like getting out of bed, much less getting dressed and spending hours in the Saturday urgent care...I opened the app and chose the phone visit, and within 15 minutes a very nice doctor called me back. He sent my prescription straight to Walgreens...It was so easy and convenient that from now on I will always choose HealthiestYou first!"
